ISSUE #1: **METEOR STRIKE!**

No one knows where Lisa came from. Not even Lisa.

Born on Earth.
Stronger than steel.
Faster than lightning.
A mind sharper than
any genius alive.

But even the strongest
hero has a weakness...

"...and here is a man named Tim Kovac."

The man who changed the beer world forever.

Now he's taking on the spirits industry — exposing shortcuts, chemicals, and corruption.

And Lisa would move mountains to protect him.

Lisa descends back into Long Grove, IL. The town is shaken but intact.
